

# BOZEMAN STRATEGIC PLAN

OUR COMMUNITY COMPASS

## Explore the Future of Bozeman

As Bozeman continues to grow and change, the City aims to do so with a clear orientation to the future. The City of Bozeman has launched the **Bozeman Strategic Plan** to help identify the community's preferred long-range future vision, and create a living, breathing Strategic Plan to help the City support it.

## Your input is important!

Over the next several months the project team will be hosting activities to get community feedback about ideas and direction for the vision and strategic plan.

Join us in June for a workshop to discuss a preferred community vision.

The only prerequisite is an interest in Bozeman's future.
