

STAGE 2 DROUGHT GENERALIZED WATERING SCHEDULE

Mandatory watering restrictions and drought surcharges apply to City water users when the City is in a stage 2 drought. Lawn watering days are limited to 2 days per week and time is prohibited between the hours of 10 a.m. and 6 p.m. and on Mondays. Perennials, trees, shrubs, and other gardens may be watered by hand any day of the week but not between the hours of 10 a.m. – 6 p.m. Run time minutes can be adjusted as needed as they are only recommended run times based on sprinkler head types.

Follow the generalized watering schedule below based on your house number and sprinkler head types.
