

Stage 3: Final Infrastructure Review Submittal Form

The applicant must complete this Stage 3 Submittal Form and submit it in the ProjectDox portal. Projects without this form completed will be deemed inadequate and will be returned to the applicant for correction. Once deemed adequate in pre-screen, a City review Engineer will be assigned to the project for review. The following information must be completed and submitted with the infrastructure package for City review. Applicant should consult the Guidance Document provided online for reference prior to filling out this submittal form.

Project Information

Associated Planning Project Number (Site Plan/Subdivision Phase)	
Project Name (Site Plan/Subdivision Phase)	

Applicant Information

The Engineer of Record (EOR) stamping and signing plans and reports submitted for review and approval must be responsible for all aspects of the design, submittal, and responses throughout the entire review process. If a change occurs, the applicant must notify the reviewing engineer of the change.
