- Private Garages use Utility, miscellaneous
- For shell only buildings deduct 20 percent
- N.P. = not permitted
- Unfinished basements (Group R-3) = \$31.50 per sq. ft.

How to Calculate Your Permit Fee – New Square Footage (new construction, core / shell, and additions)

- 1) Determine Occupancy Use Group and Construction Type, referencing the 2021 International Building Code (IBC); Chapters 3: Occupancy & Classification; and Ch. 6: Types of Construction.
- 2) Utilize ICC Valuation Table A to cross reference occupancy group and construction type to determine construction cost per square foot.
- 3) **Permit Fee = (Gross Area x (Square Foot Construction Cost (Table A) x Cost Modifier % (Table B)) x .0078 (Bozeman’s Budget & Prior Year’s Valuation based Multiplier))**

TABLE B:

Building Valuation Cost Modifier: % of ICC Table Value					
Project Scope	IBC	IRC	FY25	FY26	FY27
New Construction or Addition	50%	50%	60%	70%	80%
Shell Only Building	40%	N/A	48%	56%	64%

NOTE: Some projects will pay a reduced factor for the square foot construction cost based on project scope. See Table B above.

How to Calculate Your Permit Fee – Generic or Existing Square Footage

- 1) Gather valuation information for project. Permit valuations shall reflect the total value of work, including materials and labor, for which the permit is being issued. If City Staff feels the valuation is underestimated, they may require detailed estimates to be provided.
- 2) Locate valuation tier your project fits within in Table C below. Follow the row to the right-hand column to see the base fee, plus rate for each additional \$100 or \$1,000 thereafter.
- 3) **Permit Fee** (\$500 to \$2,000 Valuation) = (((Project Valuation – \$500)/100) x \$3.05) + \$26.75 (base fee)
- 4) **Permit Fee** (Over \$2,001 Valuation) = (((Project Valuation – Prior Tier Max)/1000) x rate per additional \$1,000) + base fee

EXAMPLE: Generic Valuation of \$75,000

((((\$75,000 (Project Valuation) - \$50,000 (Prior Tier Max))/1,000)) x \$7.00 (tier rate for each \$1K)) + \$643.75 (tier base fee) = **\$818.75 Permit Fee**
