### Program Instructions, Limitations and Terms

#### Devices must be installed prior to submitting application

1. The rebate amounts listed are applicable only to **WaterSense® labeled high-efficiency toilets (HETs)**. Toilets being replaced must have been installed prior to December 31, 1996 to qualify for a \$125 rebate. Toilets being replaced must have been installed after December 31, 1996 qualify for a \$50 rebate. Toilets installed in new construction qualify for a \$25 rebate.
2. A maximum rebate of \$250 applies per application. Contact the Water Conservation Division if requesting a rebate greater than \$250 as funding may be adequate to issue a higher rebate amount. Rebate amounts are not to exceed purchase price of qualifying products and cannot include labor, delivery or maintenance costs.
3. Tenants must submit an owner-authorized letter in order to receive a rebate.
4. Only toilets connected to the City of Bozeman public water supply are eligible for rebates.
5. Old toilets cannot be reused. Applicants agree to destroy or disable their old toilets.
6. Installation of toilet is the responsibility of Applicant and must be installed at the installation address listed.
7. A copy of the sales receipt is to be attached to this application for proof of purchase. Receipts must include the make and model of the toilet(s) purchased. The purchased toilet model number(s) must match exactly the **WaterSense®** list to qualify for a rebate. Mixing and matching of tanks and bowls from this list is not permitted.
8. The effective date of the Bozeman Toilet Rebate Program is March 18, 2008. Rebates for toilets purchased prior to March 18, 2008 will not be given.
9. Applications will be processed in the order they are received. Incomplete applications could be denied and returned to Applicant or result in a delay of the approval of the rebate.
10. To ensure water savings are achieved, the toilet installation must be maintained for a period of five (5) years minimum. If any toilets need to be replaced in this time, the participant agrees to replace the toilets with the products of equal or greater efficiency.
11. Limited funding is available to issue rebates. Rebates will be issued on a first-come, first served basis through the end of the current fiscal year (June 30, 2025). Funding may be renewed at the start of the following fiscal year. The City cannot guarantee that submittal of a rebate application will result in issuance of a rebate check.
