

CITY OF BOZEMAN
Bozeman, Montana
Department of Public Works

March 31, 2015

Dear Property Owner:

Attached is an executive summary of the recently completed Bridger Creek Community Vapor Intrusion Human Health Risk Assessment (HHRA) conducted by the City for the Bridger Creek Community. The HHRA was completed by Dr. Paul C. Chrostowski, Ph.D, of CPF Associates, Inc. The complete report can be found on the City's website at www.bozeman.net. Click on the Bozeman Landfill Soil Gas Study tab on the right side of the home page just below the City's banner. You'll find the complete report under Latest News.

The Bozeman City Commission will hear a presentation on the HHRA by Dr. Chrostowski during the regular Bozeman City Commission meeting on April 6, 2015. The meeting is located on the first floor of Bozeman City Hall at 121 North Rouse Ave. The Commission meeting begins at 6:00 pm. Public comment on the HHRA will be accepted.

Also, during this Commission meeting, City of Bozeman Public Works Director Craig Woolard will give an update to the Commission on the Corrective Measures Assessment process and timing of the City's proposed remediation system.

Sincerely,

Craig Woolard, Ph.D., P.E.
Director of Public Works
