## Solar Permit Checklist

- Cover Sheet with the following information
  - Property address
  - Applicable Building Codes Referenced
  - Sheet Index (Table of Contents)
- Site Diagram
- Electrical Diagram
  - Please indicate if a service upgrade will be required
- Documents Folder
  - Any spec sheets for your project (e.g. solar modules, inverter, etc)
  - Application signed by property owner (e-signature ok)
  - Stamped and signed letter from a licensed engineer stating that the roof can hold the additional load

No building or other structure shall be erected, moved, added to or structurally altered without valid permits. Your Building Application form must be completed and approved by the appropriate authorities prior to building permit issuance. Applications will not be accepted without property owner's signature.
