The Undersigned, _____ represents that I am an owner/property manager of real property located in the City of Bozeman, MT ("City"), and said property is provided with municipal facilities for the supply of water, and disposal of sewage and solid waste.

The referenced real property is subject to a lease on certain terms and conditions, including provision for payment for municipal facilities and services.

The City consents to the assumption by the undersigned's lessee of the terms and obligation for provision of the supply of water, and disposal of sewage and solid waste, including the obligation for payment for aid services, but does not release and continues to hold fully liable the undersigned on those terms and obligations.

The undersigned agrees, in consideration of City's consent to the assumption by lessee of the above described terms and obligations, that I will not make any objection of illegality or irregularity as to transmittal of all statements of account for the provision of the above described services to the lessee, and I request that said statements be delivered directly to the lessee or occupant of the property rather than to my personal residence or mailing address.
